Sarah: I will place your comments on the Jan 10 Park Board meeting agenda. You could attend if you wish, but it is not required 6:00 pm on Third Floor of City Hall. This idea has been considered in the past (not the gazebo) Indian Mound area on the south end of the park is off limits. Not sure of the current Board's feelings on the matter. I can tell you at this point, it is not on our Department's priority list.

Comments: I'm interested in getting a snow hill put smack dab in the middle of Smith Park. Just think - a nice tall hill complete with a gazebo on top (offering wonderful views of the marina) and a place where kids can play all year round whether rolling or sledding down the hill. I'd be very willing to get this ball rolling but first I'd like to know about ordinance or Indian Mound ordinances that may stop my grand plan and what sort of cost this would entail for fill, man power etc... thank you very much. Happy New Year!

Sarah Paterson, 204 Elm.
